Exchange	X	X ²	X
Lotus Notes	X	X	-
Wifi, VPN, APN	X	X	X
Certificates	X	X	X

¹ Only VPP at the moment ² Samsung, Sony, LG and Android for Work enabled devices

Integration possibilities and import/export features

Authenticate users with Active Directory/eDirectory. Import information from your Active Directory and/or eDirectory. Export data to Excel directly from the Console. It's also possible to automatically export devices to DuoSTATION. Search for apps in both AppStore and Google Play directly from the Console. Full support for Apple VPP and Apple DEP. We can also offer customized integration.
